Michigan Public Service Commission to Conduct Consumer Forums in Seven Michigan Cities In October

The Michigan Public Service Commission (MPSC) invites you to attend one of seven consumer forums it will be conducting in Michigan communities during October. At the forums, consumers will be able to get the latest information on electric and natural gas rates for the winter

and learn the current status of local and long distance telephone service. Attendees will also be able to ask questions and express their concerns regarding service quality or other utility issues.

One of the Commission's three Commissioners – Chairman J. Peter Lark, Commissioner Laura Chappelle, or Commissioner Monica Martinez – will be available to discuss these issues, explain how the Commission makes decisions, and listen to your questions and comments regarding utility service.

“As winter approaches, my colleagues and I believe it is important for Michigan utility customers to prepare for winter heating bills. We want customers to be aware of conservation measures they can take and assistance programs that are available to them,” said Commission Chairman J. Peter Lark. “We welcome the opportunity to meet customers to discuss these issues and hear their comments and concerns on other utility matters that concern them.”

The 2006 Consumer Forums are scheduled for:
